The Big Horn River Recreation Investment is located approximately 27 miles north of Ft. Smith, Montana and the Big Horn National Recreation Area, and 16 miles south of Hardin, Montana. From I-90 you will take Exit 495 and continue south through Hardin on Highway 313 for 16 miles at which point the large undeveloped pasture will be on your right with immediate highway access. If you reach Mallard’s Landing, you have gone three miles too far.

Distances to surrounding towns and cities from Big Horn River Recreation Investment are as follows:

- St. Xavier, Montana – 7 miles
- Ft. Smith, Montana – 27 miles
- Hardin, Montana – 16 miles
- Billings, Montana – 62 miles
- Sheridan, Wyoming – 87 miles

SIZE & DESCRIPTION

Hidden within the trees and directly off all-season Highway 313 and tucked beneath the brush of a high-rising west bench, this unique opportunity consists of 223± acres of undeveloped perennial pasture with potential for irrigated row crop farming on 66 acres with over a half mile of the Big Horn River crossing between upland game bird habitat, timbered river bottom, and high rising bluffs protecting the west ridge.

The purchase will also include an undivided interest in another half mile of approximately 100 acres of undeveloped river frontage consisting of perennial pasture, pheasant habitat and timbered white-tail deer habitat.

Big Horn River parcels of this size located below the reservoir are hard to find and rarely hit the market because of the world-class trout fishery strategically stocked and managed for outdoor destination experiences. The tall grasses and cropped fields of the valley present a renowned pheasant, migratory, and upland game bird mecca while the white-tail deer in this area grow to trophy class as well.

LEASE INFORMATION

Agricultural production leases are readily available to have a tenant farm, graze, and improve habitat. This valley has exceptional landowners and caretakers looking for long-term agreements.

CARRYING CAPACITY / RANCH OPERATIONS

The Big Horn River Recreation Investment has historically been used as an irrigated grazing pasture for three generations of farmers and ranchers in the valley. Because of the seasonal grazing and perennial pastures, the native species and wildlife habitat are in exceptional condition. This incredible investment comes with water rights on 66 acres and gives you the ability to lease for row-crop farming and migratory bird habitat.
SOILS
Of the farmland within this parcel, Kyle Silty Clay and Haverson Loam comprise the majority of well drained, irrigated, productive row crop producing superior yields for share-crop, cash lease, or horse pasture potential. Alluvial soils fan closer to the water creating superb wildlife habitat and game cover.

IMPROVEMENTS
As this beautiful parcel is mostly undeveloped, current improvements include two highway entry approaches with access to the grid, homesteader corrals, sheds, ditches, and perimeter fence.

UTILITIES
There is access to the power grid from the highway with many wells drilled in the area for rural water.

REAL ESTATE TAXES
The real estate taxes on the Big Horn River Recreation Investment are approximately $3,803.61 per year.

WATER RIGHTS
The water rights are attached to and will transfer with all filed deeded irrigated parcels.

MINERAL RIGHTS
Any minerals attached to deed or parcel will transfer with the sale.

**RECREATION & WILDLIFE**

The Big Horn River is world renowned as one of the best trout fisheries. Fishing is an all year activity as the temperature and flow of the water leaving Yellowtail Reservoir keeps the river open and stable no matter the season. This area is truly the hub for outdoor recreation.

To the south are the Pryor Mountains and Big Horn Canyon National Recreation Area. There are several websites that detail the recreational and conservation amenities of this grand area, including NPS.gov which has detailed an excellent activities agenda for all to behold and appreciate the grandeur of this unique area. The following are highlights from just two websites of what you can expect when you live and travel to this great wonder.

**Cottonwoodcampbighorn.com:**

“The Bighorn River is well-known throughout the world for the superb fly fishing it offers. The first thirteen miles–from Afterbay Access to Bighorn Access–have more trout per mile and a bigger average trout size than any other river in Montana. You probably have a better chance of catching a trout over 20 inches on the Bighorn than on any other river in Montana. Bighorn trout are extremely healthy because of the river’s excellent food supply. They are wonderful fighters and very acrobatic. Dry fly fishing, nymphing, and fishing streamers can all be productive for much of the year. The Bighorn River is open and very fishable the entire year. Peak fishing times are from April till the end of September.”
**NPS.gov:**

“The vast, wild landscape of Bighorn Canyon National Recreation Area offers visitors unparalleled opportunities to immerse themselves in the natural world, and experience the wonders of this extraordinary place. With over 120,000 acres, one can find an astounding diversity in ecosystems, wildlife, and more than 10,000 years of human history to explore.

**Fish the Bighorn River** - If you like to fish, then you’ll love the Bighorn River. The first 3 miles below the Afterbay Dam are truly world class. Anywhere between 8,000 to 11,000 trout per mile can be found on the most fished stretch of river in the state of Montana. Two National Park Service managed fishing accesses that are part of Bighorn Canyon NRA give anglers this amazing opportunity.

**Boating on Bighorn Lake** – The waters of Bighorn Lake await boaters who come to ride between walls, cliffs, and spires that tower over 500 feet above the lake. The recreation opportunities on a boat trip along the lake are amazing. Water ski, fish, camp or enjoy the sights. This is truly an unforgettable trip!

**Viewing Yellowtail Dam** – From Memorial Day through Labor Day, the Yellowtail Dam visitor center is open to the public seven days a week. Walk to the back of the visitor center to look through the glass windows at a truly stunning view. The Yellowtail Dam stands 525 feet high, damming the Bighorn and backing the lake up behind it for 71 miles.

**Camping at Black Canyon** – Could there be a prettier spot. Black Canyon’s grandeur has few rivals. Towering sandstone cliffs rise above the lake. The campground sits where the lake turns to a clear stream. Spend a night enjoying the crisp, cool canyon air while experiencing the beauty Black Canyon evokes.

**Ranger Led Programs** - Every Saturday night throughout the summer National Park Service Rangers give evening programs at the Afterbay campground theater. Learn about the history of the Crow Nation, historic river trips, the bears of Bighorn Canyon, floating the Bighorn, and more. The natural and cultural history of Bighorn Canyon comes to life as past, present, and future intermingle at these programs along the peaceful shores of the Afterbay.”

With all this, as well as the Wild Horse Range and “rock-hounding” for fossils in the Pryor Mountains, rodeos, bison, Wyoming’s majestic Big Horn Mountains, and the world famous Crow Fair nearby, you have the opportunity to live and play in a never-ending area of activities and wonderment.

**COMMUNITY AMENITIES**

RELATIONSHIPS/CONSENTS IN REAL ESTATE TRANSACTIONS
(_COMBINED EXPLANATION AND DISCLOSURE)

Definition of Terms and Description of Duties

A “Seller Agent” is obligated to the Seller to:

- act solely in the best interests of the seller, except that a seller agent, after written disclosure to the seller and with the seller’s written consent, may represent multiple sellers of property or list properties for sale that may compete with the seller's property without breaching any obligation to the seller;
- obey promptly and efficiently all lawful instructions of the seller;
- disclose all relevant and material information that concerns the real estate transaction and that is known to the seller agent and not known or discoverable by the seller unless the information is subject to confidentiality arising from a prior or existing agency relationship on the part of the seller agent with a buyer or another seller;
- safeguard the seller’s confidences;
- exercise reasonable care, skill, and diligence in pursuing the seller’s objectives and in complying with the terms established in the listing agreement;
- fully account to the seller for any funds or property of the seller that comes into the seller agent’s possession; and comply with all applicable federal and state laws, rules, and regulations.

A “Seller Agent” is obligated to the Buyer to:

- disclose to a buyer or the buyer agent any adverse material facts that concern the property and that are known to the seller agent, except that the seller agent is not required to inspect the property or verify any statements made by the seller;
- disclose to a buyer or the buyer agent when the seller agent has no personal knowledge of the veracity of information regarding adverse material facts that concern the property;
- act in good faith with a buyer and a buyer agent; and
- comply with all applicable federal and state laws, rules, and regulations.

A “Buyer Agent” is obligated to the Buyer to:

- act solely in the best interests of the buyer, except that a buyer agent, after written disclosure to the buyer and with the buyer’s written consent, may represent multiple buyers interested in buying the same property for similar properties to the property in which the buyer is interested or show properties in which the buyer is interested to other prospective buyers without breaching any obligation to the seller;
- obey promptly and efficiently all lawful instructions of the buyer;
- disclose all relevant and material information that concerns the real estate transaction and that is known to the buyer agent and not known or discoverable by the buyer, unless the information is subject to confidentiality arising from a prior or existing agency relationship on the part of the buyer agent with another buyer or seller;
- safeguard the buyer’s confidences;
- exercise reasonable care, skill, and diligence in pursuing the buyer’s objectives and in complying with the terms established in the Buyer/Broker agreement;
- fully account to the buyer for any funds or property of the buyer that comes into the buyer agent's possession; and
- comply with all applicable federal and state laws, rules, and regulations.

A “Buyer Agent” is obligated to the Seller to:

- disclose any adverse material facts that are known to the buyer agent and that concern the ability of the buyer to perform on any purchase offer;
- disclose to a seller or the seller agent when the buyer agent has no personal knowledge of the veracity of information regarding adverse material facts that concern the buyer;
- act in good faith with a seller and a seller agent; and
- comply with all applicable federal and state laws, rules, and regulations.

DUAL AGENCY
If a Seller Agent is also representing a Buyer, or a Buyer Agent is also representing a Seller with regard to a property, then a dual agency relationship may be established. In a dual agency relationship, the dual agent is equally obligated to both the seller and the buyer. These obligations may prohibit the dual agent from advocating exclusively on behalf of the seller or buyer and may limit the depth and degree of representation that you receive. A broker or a salesperson may not act as a dual agent without the signed, written consent of both the seller and the buyer.

Initial ________________________________

Page 1 of 2 agency disclosure
A “Dual Agent” is obligated to a Seller in the same manner as a seller agent and is obligated to a buyer in the same manner as a buyer agent, except that a dual agent:

- may not disclose the following information without the written consent of the person whom the information is confidential:
  (i) the fact that the buyer is willing to pay more than the offered purchase price;
  (ii) the fact that the seller is willing to accept less than the purchase price that the seller is asking for the property;
  (iii) factors motivating either party to buy or sell; and
  (iv) any information that a party indicates in writing to the dual agent is to be kept confidential.

A “Statutory Broker” is not the agent of the Buyer or Seller but nevertheless is obligated to them to:
- disclose to:
  (i) a buyer or a buyer agent any adverse material facts that concern the property and that are known to the statutory broker, except that the statutory broker is not required to inspect the property or verify any statements made by the seller; and
  (ii) a seller or a seller agent any adverse material facts that are known to the statutory broker and that concern the ability of the buyer to perform on any purchase offer;
- exercise reasonable care, skill, and diligence in putting together a real estate transaction; and
- comply with all applicable federal and state laws, rules and regulations.

An “Adverse Material Fact” means a fact that should be recognized by a broker or salesperson as being of enough significance as to affect a person’s decision to enter into a contract to buy or sell real property and may be a fact that:
- materially affects the value, affects structural integrity, or presents a documented health risk to occupants of the property; and
- materially affects the buyer’s ability or intent to perform the buyer’s obligations under a proposed or existing contract.

“Adverse material fact” does not include the fact that an occupant of the property has or has had a communicable disease or the property was the site of a suicide or felony.
